

Technical Circular

No.: 135/2017

Date: 08th November 2017

To whomsoever it may concern

Subject: IACS Recommendation No. 151 regarding treatment of fuel oil onboard ships.

- International Association of Classification Society (IACS) has published Recommendation No. 151 (copy attached) providing recommendation for the treatment of fuel oil onboard ships.
- The Recommendation aims to improve the operational safety of the vessel by improving reliability of the oil fuelled machineries onboard ships.
- Masters, Chief Engineers and ship managers are advised to be guided by the attached IACS Recommendation.

Enclosure:

1. IACS Recommendation No. 151.

Whilst the utmost care has been taken in the compilation of the Technical Information, neither Indian Register of Shipping, its affiliates and subsidiaries if any, nor any of its directors, officers, employees or agents assume any responsibility and shall not be liable to any person for any loss, damage or expense caused in any manner whatsoever by reliance on the information in this document.
