<b>KEY OBJECTIVES-</b>	<ul style="list-style-type: none"><li>• Safety in General</li><li>• Loading and Discharging Bulk Cargo</li><li>• Draft Survey</li><li>• Hold Preparations</li><li>• Cargo Documentation</li><li>• Hazards associated with Enclosed Space Entries</li><li>• Cargo Hold Hatches</li><li>• Right Ship Inspections</li><li>• Cargo Claims– Case Studies</li></ul>

## TRAINERS

### **SANJIVA MEHTA**

Engr. Sanjiva Mehta, a seasoned maritime professional with over 20 years of training experience, brings a wealth of expertise to the field. Formerly with FOSMA Training Institute and Wallem Maritime, he specializes in ME Engines, Fuel Optimization, and safety management. With a background as a Chief Engineer, his leadership and technical prowess make him a valuable asset in shaping maritime education and training initiatives. His tenure as Head of Wallem Training Institute underscores his commitment to excellence in training and development within the maritime industry.

### **CAPT SUNIL SHUKLA**

Captain Shukla, a Certified Trainer for the Marine industry, demonstrates a steadfast commitment to enhancing competency and skill development. With over 4 years of experience, he excels in delivering modular training onboard and via electronic platforms, adapting to evolving educational methods. His expertise includes comprehensive Human Resources training, particularly in QHSE practices. Additionally, he conducts SOP inductions to ensure industry best practices are integrated into maritime operations, reflecting his dedication to fostering a proficient and safety-conscious workforce.

### **CAPTAIN SARABDEEP SINGH MANCHANDA**

Captain Sarabdeep Singh Manchanda, a seasoned maritime professional with 19 years of experience, has excelled in roles ranging from Sailing Master to Marine Auditor/Trainer. With extensive expertise in Dry and Tanker Operations, he has conducted numerous inspections, audits, and onboard training assignments, ensuring safety and operational excellence at sea. His dedication to continuous learning is evident through the completion of over 200 hours of training in critical areas like BTM, ECDIS, SIRE, Gas Tanker Operations, SMS Compliance, and Bridge Resource Management, making him a valuable asset to the maritime industry.
